ICSE ENGLISH
VIII, IX, X | PROSPECTUS 2020-21

With two papers at the ICSE Board exams and the only compulsory component in the best of 5 scores (English + best 4), the importance of English cannot be understated. 'VEA' will make you fall in love with the intricacies of language, unravel layers of meaning and give different hues to the words altogether. Here Shakespeare's characters come to life, the gems of 'Treasure Trove' mesmerize you and there is a little craziness about grammar which will make for a fascinating journey. What you take away is a great score and greater confidence after learning the nuances of the language.

Our MANTRA to create a CHAMPION...

Concept Clarity

A research driven pedagogy which inculcates path breaking techniques including Bloom's Taxonomy, Multiple Intelligence theory, Left Right Brain coordinated thinking, Experiential Learning and Dramatisation to name a few. These have been encapsulated into our various teaching modules.

Heart - Connect

We believe in being much more to our students than just English teachers. We develop a great rapport with our students in a super friendly atmosphere of the classroom. This helps them to ask their doubts without any inhibitions thereby strengthening their learning process.

Accurate Assessment

The various tests we take in our well-planned test series, the timely and accurate assessment of what went wrong (if it did), the extra question papers and all answer keys that we put on our website - www.vikramsgenglishacademy.com go a long way in ensuring that the students face their school exams and the board exams with supreme confidence. We leave no stone unturned to ensure that the students get a robust testing mechanism.

Motivation

Sometimes, all that the students need is a patient ear, a gentle push or a pep talk. We ensure that need-based counselling is provided if required. For the students of tenth standard a special session called 'Milestone' is conducted. It proves to be a game changer for many a student.

Precise Study Material

Just as overeating does not lead to good health, overfeeding the students with study material does them more harm than good. Our in-house notes have been designed keeping the requirements of the board exams in mind and offer a stress free and wholesome preparation for their exams. The literature notes are loaded with the key words to maximise scoring. Likewise the English language notes have plenty of Grammar worksheets, comprehensions and essays to facilitate the English language preparation.

Innovation

We are known for bringing a breath of fresh air to the academic outlook of our students. Our innovative website offers extra grammar practice exercises which they can solve live on the website (with instant correction). Similarly there are many essays to peruse, some of which have been written by the board toppers. And extra question papers and answer keys too are put up on our website.

Organised System

We pride ourselves on a firm no-change timetable, a well-planned test series, and instant updates and reminders to parents and a responsive mechanism to address all the queries of the parents. It makes for a hassle free interaction with the institute.

Never Ending Support

We don't mind burning the midnight lamp for our students. Quite literally so ! Our team members are at the centres for 10/12 hours each day and round the clock (24 hour helpline) during the board exams.

- My journey at VEA has been one filled with fun, laughter and learning. The teachers' ability to bond with the entire class and establish a conducive classroom environment is proof of their experience in the field. The teaching methods followed by the teachers here are unique and entertaining. Moreover, the notes provided by the academy are detailed and extremely helpful. The accessibility has been beyond all expectations and their 24x7 helpline, before the exams, was reassuring and extremely helpful. I am truly proud to be a student of VEA.

Saanchi Desai (1st in Gopal Sharma in English and overall 97 in the average of English 1 and English 2)

- Initially, I was sceptical about attending but I grew to love the teaching method. Kripa ma'am made the given descriptions even more vivid. Then Vikram sir came along and made Shakespeare's Merchant of Venice seem like a child's bedtime story. The thoughtful interpretations and numerous keyword tests were his magic tool. Writing skills had always been my kink in the armour. I used to avoid submitting essays, words slipping right through my hands. The Academy has a wondrous archive full of astounding essays and I strived to put at least one of mine in it. The teachers are walking arsenals of splendid topics. 'Spin the Yarn' sessions made us stitch random thoughts into coherent sequences. When they say their helpline 'There for You' is open all the time, they mean it.

Shreya Mithiya (1st in NES in English)

- People say, that to cultivate a hobby or an everlasting interest in anything it requires 21 days. Well, for my love for English to blossom, it only took one lecture. They ignited within all a thirst for knowledge and more importantly, instilled values and morals of the highest standards which are paramount in becoming a better person.

Ameya Dixit (2nd in NES School in English)

- The new and innovative techniques of teaching, be it the key word tests, or grammar songs make English a fun subject to study. The innumerable practice tests and prelims strengthened my base and there is no one but VEA to be given the credit.

Aditya Jaiswal (3rd in jk Singhania in English 95 in average of English 1 & 2)

- I feel privileged to have gotten an opportunity to be a part of this successful institution. Vikramjit Sir's methodology of teaching English is indeed ingenious, professional and creative which makes learning fun and easy to understand. Right from his brilliant idea of blending English grammar with songs, solving numerous test papers, taking keyword tests for literature providing us with concise and precise notes and Kripa madams endless efforts to any chapter to an interesting story to make us learn every single word; everything was perfectly planned for us. Every week I would look forward to my classes and now I feel heartbroken to know that it wont continue further

Shravani Naiknimbalkar (1st In SSRVM Overall School Topper)

- The revision papers which we solved for English Language in the last few months before the final exams were extremely helpful as there were many questions in the boards which were from these papers

Srikar Shriniwas (2nd in SSRVM Overall School Topper)

- My experience with VEA is one I'm definitely going to remember my entire life. Vikram sir and Kripa ma'am helped me overcome the fear of not scoring good marks in English subject. Their teaching style is extremely innovative. They do not believe in teaching superficially, rather they teach the subject in depth thereby, enhancing learning capability. Vikram sir and Kripa ma'am stayed up the entire night before the board exam to solve our doubts ('There for You' helpline). Sir has been a great mentor for me. The milestone session will be remembered by me as a turning point in my life. It was then when I changed my attitude in life and saw the bigger picture.

Vansh Sood (2nd in English in Euro School, Airoli)

- My experience at Vikram's English Academy has been one the best things that ever happened to me. Being a part of the academy for 4 true years couldn't have been better. The class tests, keyword tests and notes provided by them are to swear by. . We were made to solve around 10 prelim papers from reputed schools across Mumbai, which helped us to another extent altogether. Both Vikram sir and Kripa ma'am have always ensured that individual care and efforts are provided to each student in the class.

- Being a part of the VEA has been the most wonderful experience. The two years spent in this academy helped me bring out the best in me. It is not just about studies and learning but so much beyond that. I was never so confident about English Literature than during the board exams and this wouldn't have been possible without Vikramjit sir and Kripa ma'am. Starting from the prose and poetry of Treasure Trove and Merchant of Venice to the challenging english grammar, everything felt so easy and enjoyable to learn. The keyword tests, songs made by dear sir for remembering rules of certain grammar topics, the interactive debate sessions, activities focused on writing skills, and various other sessions had made the experience cherishing and unforgettable. At VEA we are not just taught English but we're also motivated to grow in life and keep on gaining knowledge.

Heer Khutia (1st In English Billabong school .97 in the average of English 1 and English 2)

- My daughter awaited the English score since the English board exam. She was really looking forward to score a 100/100 in Literature and this confidence was instilled into her at VEA. The thing which attracted me the most was the punctuality and time management at VEA. Everything there was pre-planned and so systematic. Starting from the weekly tests, keyword tests, preliminary examinations to the solving of various school's prelim papers a month before the board exam and doubt clearing sessions, everything was just perfect.

Heer Khutia's mother.

- My journey at VEA has been a phenomenal one .Be it the hilarious learning of Merchant of Venice from Vikramjit Sir, or his converting grammar rules int remixes each lecture made us more and more sure of exceling in the exams. I feel a little Thank You can not commensurate Sir and Madam's efforts and I will always remain indebted to them for there for me, with me.

Sara Sawant (2nd in Jk Singhania in English (96 in Average of English 1 and 2)

- English lectures at VEA was the most awaited class in the entire week for all the students. The environment in every class used to always be cheerful and during all the lectures. The most feared part of ICSE 9th and 10th English is The Merchant of Venice which seems to become just one simple story when you learn it at VEA.

Nidhi Sawant (1st in English in Daffodils High School)

- Better than a thousand days of diligent study is one day with a great teacher." And there's no better example than Vikram Sir and Kripa Ma'am. My 3 years of journey at VEA will always be a memorable one.

Aakansha Singh (2nd In Euro in English)

- Joining Vikram's English Academy was one the best decisions for my 10th std. . Vikramjit sir made the difficult plots of The Merchant of Venice a mere cakewalk. Kripa ma'am too turned English literature and Grammar concepts into enticing stories and resourceful techniques. . To foresee my future and give my best, the Milestone seminar was yet another praiseworthy event which motivated me at time when the extreme pressure of studies defeats many.

Samruddhi Ramdave (2nd in SSRVM in English)

- Vikramjit Sir and Kripa Madam are the best English teachers I have ever seen. Before joining VEA I was never fond of literatute but the lively atmosphere here made me fall in love with literature. Now whenever I read a piece of art I try to find the deeper meaning between the blank spaces. Sirs wit ensured that the learning enviournment at the academy was never boring.

Pranjay Yelkotwar (1st In English in Pawar Public School Bhandup. 95 in the average of English 1 & 2)

- Vikrams English Academy has been a turning point for me and the three years I spent there really helped me a lot in improving my English skills and basic grammar where most people go wrong. I was really thankful to VEA for providing detailed notes, Key word tests, 5 pre preliminary examinations and 7 preliminary examinations with solutions for all for English literature covering up all the details and probable questions! The practice which we did throughout three years(8,9,10th) for grammar following the board pattern made us so comfortable with it that we could solve the grammar part within minutes! These two teachers have changed many people's lives and motivated thousands of students. And also, you have created history by *personally* teaching, correcting papers, solving doubts and giving personal time to each and every student of yours to help us achieve our goals. Ultimately VEA is 'The last word in English' in its true sense.
